

QUESTION 03-17-80

True or False: All Scrum Teams working on the same Product pull work from the same Product Backlog.

- A. True
- B. False

QUESTION 03-17-80

True or False: All Scrum Teams working on the same Product pull work from the same Product Backlog.

- A. **True**
- B. False

QUESTION 02-03-80

Peter has been asked to take the Product Owner role of a large product initiative. 4 teams new to Scrum will be building this product. He has created the initial Product Backlog but is unsure of how to minimize the dependencies between the Scrum Teams. Which of the following would be the best advice to give Peter? (choose the best answer)

- A. The Product Owner creates separate Product Backlogs for each team.
- B. The Product Owner identifies the dependent items and re-order the Product Backlog items for the Scrum Teams.
- C. The Product Owner works with the Developers from all Scrum Teams on how to best analyze and break apart the work.
- D. The Product Owner has the Technical Leads determine which items will be assigned to which team
- E. The Product Owner notifies the Scrum Master so he/she can resolve the impediment.

QUESTION 02-03-80
